NEXT MONTH

On 10th September Rae Campbell will speak to us about her involvement in wildlife rescue. When Prince Charles visited South Australia he requested to meet her, calling her the modern day pioneer of koala rescue and preservation. Rae was the original co-ordinator of Koala rescue with Fauna Rescue of SA and in that role she trained more than 30 people in the rescue and care of our precious koalas. She passed on that role when she founded the Adelaide Koala & Wildlife Hospital Incorporated. Rae has received many awards including "Pip Burbridge award for Outstanding service to Wildlife", Pride of Australia medal for her work with koalas and native wildlife, an award from the Adelaide Archbishop for service to nature, the local Hero Award for conservation and environment from Marion Council. Rae was named Citizen of the Year by West Torrens Council. Her holidays have been spent working with disabled children in a Cambodian orphanage, and in Myanmar working with elephants that have been rescued from the teak forests. Rae is currently concentrating on the development of the Glenthorne National

Park where she wants to open a Centre for Koala Conservation and Education, and on getting a crossing for native wildlife on the South Eastern Freeway where 7-10 koalas lose their lives every week. Rae is the **only** person to hold a licence to keep a koala outside of a zoo or park. Her life is devoted to saving our wonderful wildlife, and educating both adults and the children who will one day be the

custodians. In view of the loss of wildlife due to the bushfires earlier this year, the conservation of wildlife places everything that is endangered within our care.

SOME WORDS FROM OUR PRESIDENT HURRAH / HURRAY

The optimist within myself echoes the words above. It is hoped that a meeting will, at long last, be held on Thursday 13th August. All Covid restrictions will be announced in the Bulletin & at the meeting and to protect the Church these be must strictly adhered to .

However the pessimist within myself just hopes South Australia is not plagued by what is happening in Victoria and NSW. So far our borders are well patrolled but one never knows if some idiots flaunt our restrictions as happened on 18th July. Thankfully they were caught, so all credit to our controllers. Today's meeting we do not have a guest speaker but at the moment one of our members Kym Penniford will be talking to the assembled company. (See the article overleaf)

Also within this bulletin you will find an insert re the restrictions each and everyone will have to follow. Please bear in mind that they are for the benefit of all of us and so would ask that you be patient and understanding.

Stupidity question answer: Canada and Mexico

Our speaker this morning is Kym Pennifold. Kym retired in 2013 after 38 years of service in the State Government.

Kym was an accountant and worked in the finance area of various government organisations covering audit, health, justice and transport.

Kym's topic will be "My experiences in being an Executor to a Will, without lawyers". Kym was the Executor to his brother Paul's Will, who passed away in December 2019. Kym would like to share his experiences and lessons learnt while he administered Paul's Estate.

Kym was also Paul's Power of Attorney and Substitute Decision Maker. He thought that other club members would benefit from his experiences in dealing with Paul's health and financial affairs before and after Paul's death. These experiences included having things in place before Paul's death, who to contact after Paul's death, applying for Probate through Courts SA, preparing a list of the Estate's assets and liabilities and dealings with the bank, all without using lawyers. Yes it can be done without lawyers.

Even if you won't be an Executor to a will, there will be some tips on having your affairs in order, to have your wishes followed and to make it easier for your loved ones and the Executor, after you have passed away.

Our treasurer increasingly finds it difficult to control his excitement that yet another month has gone by with the club's bank balance showing an increase, admittedly a modest one of one cent (bank interest) so the balance now stands at \$1682.53!!

August sees 5 of our members celebrating birthdays so the Club extends best wishes to B. White, S. Heath, M. Heatley, J. Woodbridge and D. Wise

PHOTOGRAPHY CLUB OUTING

When? 20th August, meeting at church 9.00am

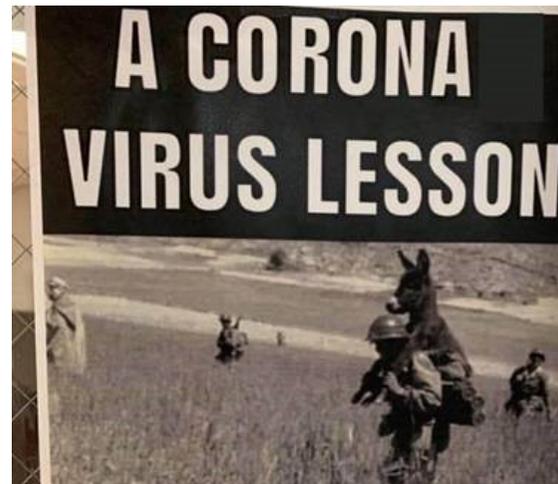

Where to? Wellington Square, North Adelaide for about 1.5hours.

Lunch will be at Wellington Hotel. Please let Kym Pennifold know if you will be going and also if, on the day, you feel unwell.

The printing of this bulletin was made possible through the generosity of the Steve Murray MP—Member for Davenport

ROMEO'S OUTING

It is planned that the next Romeo's lunch will be at the Old Noarlunga Hotel on 27th August at 12.30pm. If you wish to go please let Ian Woolley (0424 419 642) or Chris Douglass (2703553) know. The usual Covid 19 restriction requirements will be followed.

This picture from World WarII shows a soldier carrying a donkey. It is not that the soldier loves donkeys or has sort of perversion. What's happening is that the field is mined and that if the donkey was free to wander as it pleased, it would likely detonate a mine and kill everyone .

The moral of this story is that during difficult times (such as we are experiencing at the moment) the first ones you have to keep under control are the jackasses who don't understand the unseen danger and do as they please.

SO PLEASE DO NOT BE A JACKASS

ON A BRIGHTER NOTE

Paddy was doing a crossword and was stuck on one clue so he asked Mick what was the answer to 'Old McDonald had one'. Mick replied farm so Paddy asked how do you spell it? Mick replied 'EIEIO!!
