## A LESSON IN ENGLISH GRAMMAR

No English dictionary has been able to adequately explain the difference between the 2 words "complete or "Finished". In a recent linguistic competition a Guyanese man was the clear winner when he gave the following explanation of the difference:

When you marry the right woman , you are COMPLETE.  
When you marry the wrong woman, you are FINISHED.  
And when the right one catches you with the wrong one, you are COMPLETELY FINISHED!

For that definition he won a trip around the world and a case of 25 year old Scotch!

## TODAY WE WELCOME RAE CAMPBELL AS OUR SPEAKER.

Rae has been involved in wildlife rescue since she was three years old, and is proud to have been selected by Prince Charles who requested to meet her on his visit to South Australia, calling her the modern day pioneer of koala rescue and preservation.

She was the original co-ordinator of Koala rescue with Fauna Rescue of SA and in that role trained more than 30 people in the rescue and care of our precious koalas. She passed that role on when she founded the Adelaide Koala & Wildlife Hospital Incorporated.

Rae has received many awards including "Pip Burbidge award for Outstanding service to Wildlife", Pride of Australia medal for her work with koalas and native wildlife., an award from the Adelaide Archbishop for service to Nature, the Local Hero Award for conservation and environment from the Marion council. Rae was named Citizen of the Year by the West Torrens Council. Her holidays have been spent working with disabled children in a Cambodian orphanage, and in Myanmar working with elephants that have been rescued from the teak forests Rae is currently concentrating on the development of the Glenelg National Park where she wants to open a Centre for Koala Conservation and Education, and on getting a crossing for native wildlife on the South Eastern Freeway where 7 - 10 koalas lose their lives every week

She is the only person in Australia to hold a licence to keep a koala permanently outside of a zoo or park. Her life is devoted to saving our wonderful wildlife, and educating both adults and the children who will one day be the custodians.

### LAST MONTH

Kym Pennifold gave a very interesting talk about dealing with his late brother's estate. There were many points he raised and so for those members who missed or would like to revisit the points he raised then a copy of his presentation has been placed on the Club's website under the Activities tab, below the list of coming speakers.

### NEXT MONTH

Most of us at some time in our lives have needed to go into hospital to undergo an operation. We lay there and before you know it the operation has been performed and you are coming round from the anaesthetic. But did you know, I certainly didn't, that many lessons were learned from the administering of anaesthetics to the American soldiers and sailors following the raid on Pearl Harbor. Dr. John Crowhurst an Emeritus Consultant Anaesthetist at the Women & Children's Hospital will be enlightening us of the many lessons that were learned following the attack by the Japanese many died but not all because of the Japanese.

### TREASURER'S REPORT

At long last our treasurer has more to report than receiving a measly 1cent interest so he is delighted to now report that:

President Jerry's new mobile phone number is 0477 797 003

### FOR YOUR DIARY

Our next meeting is on 8th OCTOBER. See you then!!

### A MAN OF MANY TALENTS - ALWYN ASHTON

As well as an interest in music (he started to play the violin at the age of 6) as well as making a viola he has also made very detailed ship's model as you can see

The printing of this bulletin was made possible through the generosity of the Steve Murray MP—Member for Davenport

We cannot let the first month of Spring go by without wishing Happy Birthday to 5 of our members:

Peter Gill  
Ron Tripney  
Peter Boughey  
Brian Goode
